Hearing your own voice
Many hearing aid users do not like the sound of their own voice as it sounds loud and unnatural. As a world’s first, Signia’s Pure 312 solves this by OVP™ (Own Voice Processing) to provide you with a natural own voice combined with optimal hearing of all other sounds for the most pleasant, natural hearing experience.

Maximum discretion
Pure sophistication in a small package: With its small, elegant housing, Signia’s Pure 312 sits unobtrusively behind your ear. It can be remotely controlled via your smartphone for a maximum of convenience and discretion.

Music
Listen to your favorite music streamed directly into your hearing aids from your Apple device with StreamLine Mic from your Android device for an outstanding sound experience.

Speech in noise
Thanks to its Speech-Quality, Signia’s Pure 312 enables you to hear speech clearly in all situations through advanced noise suppression technologies. This makes it easier for you to understand your conversation partners, even in very noisy environments such as a restaurant or a conference.

Remote control
The myControl App lets you change Pure 312’s settings remotely and personalize your hearing aids to suit your individual preferences.

Remote control
And if you don’t have a smartphone, the miniPocket™ also provides highly convenient remote control.

Crystal clear sound
Pure 312’s Sound Clarity offers the most natural, lifelike sound in all environments. This lets you enjoy crystal clear sound, even in the loudest environments.

For all levels of hearing loss
Mild, moderate, severe or profound hearing loss, Pure 312 tackles all these challenges and gives you back the natural sound of life.
